**T**he Tvan Scout is designed to be a highly desirable package with multiple purposes like a Swiss army knife.

The packaged options not only address and exceed the judging criteria for Camper Trailer of the Year Awards 2018, they also deliver a tailored packaged that echoes the Scouts' motto of "be prepared".

The name Scout was chosen for this model due to its exploratory capabilities; the symbol represents the Tvan's DNA and the rolled scarf worn by the Scouts.

The Tvan Scout is extremely light at 1045kgs tare meaning it can follow you anywhere. It's versatile in camping setups with easy access to the cabin for packing and overnight stops.

It's prepared with a full front boot, which can hold up to a 60L ARB fridge and the new pantry option for quick access for side of the road stops.

It's the worry free, throw your gear in and go camper trailer; suitable for quick weekends or long stays at base camp.
